

## Pricelist Grob G 120TP

(June 2022 - English)

Art.Nr.	Discription	Price	
		without VAT	incl. 19 % VAT
100 001	<b>Kit Grob G 120TP</b>	<b>3.445,38 €</b>	<b>4.100,00 €</b>
	Scale 1:3, wingspan 3,44 m, length 2,81 m, highest quality of fiberglass and carbon fiber vacuum-sandwich-technology, white painted in the mold, incl. all frames in wood and airex, necessary linkages and screws		
100 002	<b>Retractable landing gear set incl. brakes</b>	<b>2.142,86 €</b>	<b>2.550,00 €</b>
	Retractable landing gear set, true to original with scale landing gear legs, established electric mechanics C50 from Behotec with strong 3S-engines, electric brakes plus controller and adjust board		
100 003	<b>Option, landing gear legs power-coated in white</b>	<b>126,05 €</b>	<b>150,00 €</b>
100 004	<b>Push mechanism for cockpit</b>	<b>50,42 €</b>	<b>60,00 €</b>
	Complete cutted aluminium parts and mounting material		
100 005	<b>Cockpit set standard (not mounted and finished)</b>	<b>411,76 €</b>	<b>490,00 €</b>
	The set contains the front cockpit panel with cockpit plate in glass fiber plastic, the two seats in glass fiber plastic, the two joysticks and all other applications in 3D print. The ground plate and the frame are made of balsa and plywood, central console in 3D print		
100 006	<b>alternative Cockpit set de luxe (complete mounted and finished)</b>	<b>798,32 €</b>	<b>950,00 €</b>
	All parts of the cockpit set standard are complete mounted and finished		
100 007	<b>Scale accessory set standard</b>	<b>79,83 €</b>	<b>95,00 €</b>
	The scale accessory set standard is manufactured in high resolution 3D-print process. It consists of one rudder antenna at the top, two rudder antennas left and right, one cover for the bottom of the wings, one antenna for the bottom of the fuselage and a ventilation cover in glass fiber plastic		
100 008	<b>alternative Scale accessory set de luxe</b>	<b>184,87 €</b>	<b>220,00 €</b>
	The scale accessory set de luxe consists of all pieces of the standard set, and additionally three antennas for the bottom of the fuselage and a pitot tube in mixed material of aluminium and 3D-print		
100 009	<b>NACA-intakes</b>	<b>29,41 €</b>	<b>35,00 €</b>
	The set consist of four NACA-intakes, two for the engine cowling and two beside the fuselage		

100 010	<b>Scale lighting set</b>	<b>411,76 €</b>	<b>490,00 €</b>
	Special adapted lighting set for the Grob G 120TP from innoflyer. The set consist of on LightDriver 5.0 lightcontrols, two LightDriver 3.0 lightcontrols, two combined beacon/position lights for the elevator, two beacon/position lights and two landing lights for the Winglets		
100 011	<b>Single-Double-Exhaust</b>	<b>163,87 €</b>	<b>195,00 €</b>
	Produced in stainless steel, special adapted for JetCat SPT10		
100 012	<b>Exhaust dummies below</b>	<b>109,24 €</b>	<b>130,00 €</b>
	Two pieces left and right produced in CFK. The Scale character of the model will be once more increased		
100 013	<b>Kevlar tank combi</b>	<b>168,07 €</b>	<b>200,00 €</b>
	Kevlar tank especially manufactured and optimized for the Grob, with a volume of 2.6 litres for kerosine and 0.6 litres for smokeoil		
100 014	<b>alternative Kevlar tank 3,2 litres</b>	<b>151,26 €</b>	<b>180,00 €</b>
	Optimized Kevlar tank without parting plane and 3.2 litres volume		
100 015	<b>Scale Spinner</b>	<b>151,26 €</b>	<b>180,00 €</b>
	Scale spinner developed especially for the Grob G 120TP in glass fiber plastic and aluminium ground plate		
100 016	<b>5-blade prop</b>	<b>357,14 €</b>	<b>425,00 €</b>
	24 x 23 5-blade prop from Falcon
